Five most pressing problems and short testimony:

Cost: Mace is \$175 which includes a long session and a follow-up. **I require payment before the session.**

I do not charge for Deliverance or Intercession but am appreciative of
Donations from people who can donate. That's between you and God.

Where can I pay? Instructions are here:

How this works:

Once you have filled out the intake form, I will email and suggest several times that I can meet with you. I meet with everyone on Zoom. Mace runs about 1.5 hours for the first session and about half an hour for the follow-up. Deliverance can take up to two hours and Intercession takes about an hour. Some people need more than one session of both, but that's for you to decide because you best know if you will need more or not.

I require payment before the session and if payment isn't received, I will give that time slot to someone on the waiting list and schedule you for another day.
